**Fiberglass Cloth**

**Style**

**32oz  
Red Silicone  
Coated Cloth**

**General Description:**

A welding curtain material made with a fiberglass cloth base and a silicone rubber coating making it water and oil resistant, flame retardant, low smoke, easily sewn, light weight. The special fire-retardant silicone rubber provides greater life and improved resistance to abrasion flexing, tear and puncture.

**Physical Properties:**

<p>WEIGHT          THICKNESS          BASE FABRIC and WEAVE          COATING          TEMPERATURE RESISTANCE:</p>	<p>32 oz/sy          .035" +/- .002"          Fiberglass / Satin Weave          Silicone Rubber          500 F          * Base Fabric is rated to 1000° F continuous operating temperature, Silicone coating is rated to 500° F.</p>
