

QUALITY POLICY

The President has developed a Quality Policy stating the company's objectives and commitment to the quality program. It has taken into consideration organizational goals of the company and the requirements and expectations of the customers and interested parties

Quality at Specialty Gaskets Inc. means continuous improvement of our products, processes and Quality Management System;

Our commitment to quality is essential in all aspects of our business to service our customers' needs and continue to grow in a competitive market;

In order to accomplish our goals, we must exceed our customers' expectations while adding value through enhanced products and service.
